

PHILIP MORRIS U. S. A.
INTER-OFFICE CORRESPONDENCE
RICHMOND, VIRGINIA

File
CF

To: ✓ Mr. J. E. Wickham

Date: February 28, 1984

From: . C. C. Bright

Subject: . CF Content In Domestic And International Brands

The cigarette brands which have been examined for CF in filler during the past two years are given in the attached tables. All domestic cigarette brands which have been tested are listed in Table I by cigarette manufacturer and by brand. Similarly, P.M. International brands which have been tested by R & D are listed in Table II by country and by brand. The data are reported in parts per million (ppm) CF and rounded to the nearest 5 ppm. The cigarette filler was analyzed using a G.C. technique, and those peaks which had the same retention time as the CF standards were reported as CF.
